DR. LORAINE STERN, CONTINUES TO TALK ABOUT CHILDREN'S HEALTH & THE SENSUALITY OF THE FEMALE

By *Al Cole & Art Noble*, Hosts of *Cole & Noble: People of Distinction*

[+](#) [Like](#)

[Dr. Loraine Stern](#) is a brilliant Medical Doctor who likes to adventurously and imaginatively blend science with an intellectual and spiritual bent. In this regard, she has the same kind of creative spirit as Cole & Noble!

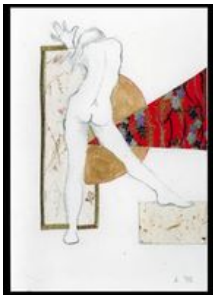

Dr. Loraine Stern has every reason to be proud of her medical career, which includes work as a *Woman's Day* columnist for over 20 years, regular contributions to *Proctor & Gamble's* website, and half a dozen books on children's health, including the popular *Off to a Great Start*.

But one career was not quite enough for Dr. Stern. She also chose to explore her artistic side by portraying the female body in sensual drawings. She harmonizes artistic instincts and the love of science and excels in each without compromising either, a rare balance in today's world. The end-result is brilliant, her work is exquisite, and is admired by fellow artists and art enthusiasts equally.

Merging of the Sciences with the Arts...that's what Dr. Loraine Stern is all about ...and that's what Cole & Noble is all about too! So it is indeed our pleasure to welcome another kindred spirit to our show!
